DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

ADA IS AT PRESENT INVESTING several hundred thousand dollars in water works extension, sewerage construction, city hall erection, gas development, state normal college and what not.

VOLUME 6

ADA, OKLAHOMA. TUESDAY EVENING, AUGUST 10, 1909

NUMBER 114

MURDERER WILL FREE, DEFIES THE LAW

UNDER ABOVE INTRODUCTION, OKLAHOMA NEWS PUBLISHES A SUPPOSED SPECIAL FROM ADA ABOUT WILL HENDRIX.

Ada, Aug. 9.—Will Hendrix, the young Choctaw murdered, "dead shot and not afraid of the devil," is still at liberty somewhere in Pontotoc county. Officers are hunting with but little hope of success.

Hendrix has all the wiles of the Indian with the sagacity of a scout and an almost supernatural sense of woodcraft. Another valuable asset in his fight against the officers is his friends. He has sent deft after deft to the authorities.

Hendrix escaped several weeks ago from the federal jail at Paris, Tex., where he was serving a life sentence for killing his father-in-law. Last week he escaped from his home here where he was hiding, while the members of two posses shot at each other in the darkness.

Last Friday Henry Lobo, a farmer rode up to the Hendrix place, intending to make a business proposition to the man who rented the farm. Hendrix came out and the farmer, wheeling his horse, made a dash for cover, but the outlaw's bullet brought down the horse. Lobo alighted on his feet—running, and did not stop until he was beyond shooting distance.

That was the last seen of Hendrix.

Cupid Gets Busy.

Again Cupid's darts have struck and plucked from our midst one of our fairest and most respected daughters. At exactly nine o'clock last evening at the home of Mr. and Mrs. J. B. Ingram, one of the nicest home weddings of the season took place. Miss Alma G. Ingram and Mr. Miles C. Grigsby were united in the holy bonds of matrimony. Brother White, officiating. As the clock was striking nine Miss Sowers arose and sang the ballad entitled, "Because I Love You So," accompanied by Miss Sims on the piano. At the close of the ballad Miss Sims struck Mendelssohn's wedding march at which time the bridal party entered. After a very beautiful and solemn ceremony Brother White pronounced them man and wife and declared what God hath joined together, let no man put asunder, after which the usual congratulations of such occasions took place. The guests were ushered into the spacious dining room where they were served with delicious punch. After a short social entertainment the guests all bade the bride and groom good night and departed. Only a few of the most intimate friends witnessed the occasion.

The bride and groom left this morning for Italy, Tex., where they expect to make their future home, and may God's richest blessings attend them.

State Board of Pardons.

Guthrie, Aug. 10.—The State Board of Pardons was in continuous session today hearing pleas of friends and relatives of convicts for their release from state's prison.

CAN GOVERNOR HASKELL BEAT SENATOR OWEN

SOME SAY DEPENDS ON THE ONE WHO HAS THE MOST MONEY AND FRIENDS WHEN THE FIGHT IS ON.

If So, It Might Occur, Says One, That It Will Be a Stand Off Between the Two Distinguished Gentlemen.

Muskogee, Ok., Aug. 9.—The east side of the state is expecting a bitter political war between Senator Robert Owen and Governor Haskell, when the term of the former expires and he appears for re-election. The word has been passed among Haskell's close friends here that he wants the job.

"Col. Owen is an able man," they say, "but he is a joke as a representative of Oklahoma. What could be farther apart than the Oklahoma constitution and the Oklahoma senator from the east side of the state?"

Owen has stood more with the Aldrich senators in Washington than he has with the progressives. Haskell poses as the father of the Oklahoma constitution.

Haskell has sent word here that he will remove here from Guthrie on the expiration of his term as governor. The rumor that he was to follow his newspaper to Oklahoma City he has denied to close friends.

"I couldn't keep the paper alive on the advertising patronage it was receiving in Muskogee. There was but one town in the state big enough to give it a field, and I took it there," he said.

When senator Gore representing the west side of the state in the U. S. Senate, it seems improbable that any other resident of the west side would be sent with him. Haskell couldn't be elected if living in Oklahoma City. But he expects the Oklahoma City support, because of his support of it for the capital. He expects Shawnee's support, through the democratic state organization. He expects the north of the state to line up for him through the oil men, and he hopes to pull the south through constitutional convention and legislative allies.

He hasn't the money to spend that Owen has but he's in the fight, and is already quietly at work.

OKLAHOMA NOTES.

Oklahoma City, Ok., Aug. 10.—Under an order received from the War Department at Washington, the navy recruiting station at this point will be discontinued and made a part of the station at Dallas, Tex. Most of the officers and men will go from here to Chattanooga, Tenn. All other Oklahoma territory will also be subsidiary to the Dallas station.

Oklahoma City, Ok., Aug. 10.—Desiring to maintain the present excellent quality and large yield of Oklahoma wheat, forty members of the Oklahoma Grain Dealers' association at a meeting here discussed methods of introducing hard Northern seed into the state. Arrangements were made whereby hard seed wheat will be shipped into this state.

Oklahoma City, Ok., Aug. 10.—A meeting of the Oklahoma Initiative and Referendum League held here was attended by Senator Campbell Russell, Senators J. H. Strain of Wahn, P. J. Yeager of Tulsa, Representative R. L. Glover of Chickasha and S. O. Daws, state librarian, of Guthrie. Woman's suffrage and other questions that may come before the people on initiative or referendum petitions were discussed, but no action taken.

Socialist Leader Here.

Hon. Dan Hogan, editor of the Huntington (Ark.) Herald and Arkansas state socialist leader, was in Ada over night. He was the nominee of the state socialist party at the last election.

Mr. Hogan was here primarily to locate what ever equity in newspaper equipment supposed to have been left by Stanley Clark, who for a short period published the American Manhood in Ada. Mr. Hogan had just returned from a socialist encampment at Commerce, Tex., where Stanley Clark, with others delivered speeches, and were subsequently rotten egged. Mr. Hogan who spent the evening at the News office has very engaging personality.

DIPLOMATIC MURRAY ASKED ABOUT CANDIDACY, TALKS ABOUT WEATHER

ASKED WHETHER HE WOULD RUN FOR GOVERNOR, ANSWERS, THIS IS THE SEASON WHEN PEOPLE GO CRAZY WITH THE HEAT.

Guthrie, Ok., Aug. 9.—Alfalfa Bill Murray, president of the constitutional convention and speaker of the first legislature, was in Guthrie today en route to the farmers' meeting at Stillwater, where he will make an address. He refused to affirm or deny his reported candidacy for the democratic gubernatorial nomination in the next campaign.

"This is the season of the year," said Mr. Murray, when asked about his candidacy, "when people go crazy from the heat. I have noticed that in Guthrie they keep the streets wet with water, and that helps some."

Reunion of the constitutional convention delegates, members of the First and Second legislatures and the Squirrel Rifle Brigade will take place the ex-president says, in Sulphur, Sept. 17, which is the anniversary of adoption of the constitution by the people.

Council Proceedings.

At an adjourned regular meeting of the City Council Monday evening, Aug. 9th, the following members were present: Chapman, Sims, Hill, West, Evans, Absent: Mayor Little, Hope, Shirley, Crowder. Acting Mayor Sims presided.

Minutes August 2nd were read and approved.

The claim of A. H. Chapman for \$566.67 for assessing the city was allowed on a motion by Hill, seconded by West.

Ordinance No. 184 making tax levy for 1909, was introduced by Evans and referred to ordinance committee on a motion by Hill, seconded by Chapman.

Paving resolution No. 5 was introduced by Chapman and passed on a motion by Chapman, seconded by Hill by the following vote: Ayes: Chapman, Sims, Hill, West, Evans, Noes: None. Absent: Hope, Shirley, Crowder.

Evans introduced paving resolution No. 6. Chapman moved the passage of the resolution and Hill seconded the motion. Carried by following vote: Ayes: Chapman, Sims, Hill, West, Evans, Noes: None. Absent: Hope, Shirley, Crowder. The mayor declared the resolution duly passed.

Hill moved and Chapman seconded that city attorney Webb be employed to revise the city ordinances and arrange them in book form, and that he be paid \$250 for said work. Carried.

Hill moved and West seconded that the council adjourn to meet Monday night, Aug. 16th. Carried.

Live Stock Inspection.

Guthrie, Ok., Aug. 10.—The department of live stock inspection of the state board of agriculture has prepared a report on the animals inspected for slaughter in Oklahoma during the year ending July 1, showing that 64,547 cattle were inspected with 149 condemned, and 514 sheep and none condemned. The value of animals sold for slaughter is \$1,200,000. The board has appointed 369 inspectors in as many towns, but only 220 have submitted reports, and the above figures are compiled from the 220 reports received. Oklahoma City reports the largest number of inspections, with Shawnee second, Tulsa, Chickasha, El Reno and Enid following in the order named.

TEDDY LIKES BALLOONING.

Quits Carpet Making Long Enough to talk Aeronautics.

New York, Aug. 9.—Theodore Roosevelt Jr. temporarily abandoned the carpet manufacturing business in Connecticut, came to New York today to arrange for learning more about aeronautics.

He lunched with A. Holland Forbes acting president of the Aero club of America, and will file an application for membership this week.

Young Roosevelt has determined to go for the sport and may purchase a balloon. At any rate, he will apply for a pilot's license, to qualify for which requires ten trips in a balloon.

HIS FATHER WROTE NATIONAL ANTHEM

SON OF NOTED MAN DIES AFTER LEAVING PRISON.

Former Mayor of Davenport, Ia., High in Church and Society, Did Time for Embezzlement of \$100,000.

Des Moines, Ia., Aug. 8.—Samuel Francis Smith, embezzler, former mayor of Davenport, and son of the man who wrote "America," died in a hospital at Toronto, Canada, today, where he was taken from a train bearing him to Newton Center, Mass., where his wife and daughter awaited his coming after five years separation. He was released last Thursday from the state reformatory at Anamosa on orders from Governor Carroll.

His sentence was suspended because of his old age. Convicted of embezzling trust funds in Davenport five years ago, he had served seven years of his eleven years.

Six years ago, Samuel Francis Smith was one of the most highly respected citizens of Iowa. A former mayor of Davenport, a brilliant lawyer, a banker, a pillar in church work, he had many friends, and no enemies.

Son and namesake of the man whose pen phrased the words of America's national hymn, he was an honored member of the Sons of the American revolution.

Sprung from proud New England stock, Mr. Smith and his wife were among the most prominent people of Davenport. Their palatial home was the scene of many social events.

They had one child, an invalid daughter, on whom they lavished wealth. Suddenly whispers began to spread, followed by open charges. Smith was placed under arrest. Examination of his books showed that he was a defaulter to the extent of \$100,000 of trust funds entrusted to him.

He admitted his guilt and asked for a speedy trial. He did not ask for mercy. Mrs. Smith, to appease creditors, sold her mansion in Davenport.

Mayor Little Visits Texas.

Hon. L. J. Little is visiting his brother, Charlie at Belton, Texas. It will be remembered that Chas. F. Little was for a long while associated with his brother, L. J., in the grocery business in this city, and it was a strong team they made too, but latterly, the present mayor bought out his brother, whose health had become endangered, and who desired to take a long rest.

Mr. Chas. Little is now re-embarking in business under his sole proprietorship; of course he will succeed as he did here with his brother and as his brother Lem is now. Each of the Little brothers is able to stand alone in whatever business he may undertake. While Lem is visiting Charlie, the latter will make him help receive and place in shelves the stock which will comprise his new store.

GOVERNOR HASKELL TO ADDRESS ST. JOE PRESS CLUB

Guthrie, Okla., Aug. 9.—Governor Haskell has accepted the invitation of the St. Joseph Ad club, at St. Joseph, Mo., to deliver an address at the second annual dinner of that organization to be given August 18. Other prominent speakers are Governor W. R. Stubbs of Kansas, Will M. Maupin, deputy commissioner of labor of Nebraska, and Senator Charles F. Krone of St. Louis.

From Carlton Weaver.

A phone message from Carlton Weaver who is attending the State Farmers' Institute at Stillwater, states that the meeting is very harmonious and that it is probable that the present board of regents of the state agricultural schools will be re-elected. Carlton compliments the city of Stillwater for the excellent entertainment afforded.

Gets Patent for Airship.

Oklahoma City, Ok., Aug. 10.—Having secured a patent in Washington, A. A. Zalondek, a machinist of this city, will begin the construction of an airship within three weeks. The inventor has been reticent as to his plans, but it is said that his machine will be along the lines of the Wright aviation.

Midsummer Clearance Prices

You would be surprised to see our prices the way they are down. Anybody could afford now to buy a Suit of clothes.

\$9.38

IMPORTERS OF HIDES SECURE TARIFF BENEFIT

Tanners Hold Shipments in Bonded Warehouses Until Tariff Bill Passes.

Washington, Aug. 10.—The secretary of the treasury today received inquiries from four customs ports, New York, Boston, Newark and Jersey City, as to whether hides imported and stored in bonded warehouses before the day of the passage of the tariff bill are to be admitted free.

The information that has come to the treasury department is that tanners and manufacturers have imported vast quantities of hides and held them in bond in anticipation of obtaining free hides or at least a lower rate of duty in the new law.

It was a safe gamble with the tanners to hold the hides in bond until after the passage of the bill, as they ran no risk of having to pay more than the Dingley rate of duty at the highest. The department ruled that the goods in bonded warehouses technically are not in the United States, and therefore will be admitted under the rates existing at the time they are withdrawn from such warehouses. This ruling admitted thousands of hides duty free into the country today.

NORTHWEST TEXAS RAINS.

Increase of Water Supply Helps Cotton and Late Corn—Good for Stock and Generally Refreshing.

Dallas, Tex., Aug. 10.—Northwestern Texas was visited yesterday by good rains, which was also the case regarding a wide section of territory in Northern, Eastern, Central and portions of Central Western Texas. This rain will be of vast benefit to late cotton. In some instances corn was aided and it will insure stock water and a good growth of grass.

Central Texas had hard rains and North Texas local showers yesterday, according to reports received by the Southwestern Telegraph and Telephone company last night. The reports were as follows.

Corsicana, hard rain.
Dublin, cloudy.
Fort Worth, light rain.
San Antonio, good rain.
Sherman, cloudy.
Tyler, light rain.
Weatherford, cloudy.

FEDERAL COURT ASKED TO QUASH INDICTMENTS

ATTORNEYS FOR GOV. HASKELL TO TAKE ACTION.

Belief Expressed in State Circles That Motion in Town Lot Cases Will Be Sustained.

Guthrie, Ok., Aug. 9.—Attorneys for Gov. Haskell expect to file with the federal court at McAlester next Saturday a motion to quash the Muskogee town lot indictments returned by a federal grand jury at Tulsa in April. It is indicated that the document will contain about 10,000 words and treat fully in affidavits improper pardons alleged to have been indulged in by government representatives. Arguments upon the motion will not be heard until Judge Marshall of Utah returns during the term at Ardmore in October.

Attorneys know nothing of the cases being set for trial during the Chickasha term, following the session at Ardmore, which appears, from press dispatches, to have been information given by Attorney General Wickersham in Washington. The belief in state circles is that the motion to quash will be sustained.

LOCATION.

The East Central Normal School was established by an act of the Second Legislature in 1909, and was

located at Ada. The City of Ada, is the county seat of Pontotoc County, and is located at the intersection of the southwestern division of the St. Louis & San Francisco railroad with the Atoka-Oklahoma line of the M., K. & T., and the Oklahoma Central. With the building of the Frisco in 1900 the real history of the town begins, and from a frontier trading post of 180

inhabitants it has grown to be a city of more than 5,000 people, and is recognized today as one of the leading cities, commercially, educationally, and socially of the whole state. This locality is within the artesian water belt, and in addition to the adequate system of city waterworks, those who desire may, at a nominal cost, be supplied daily with an excellent quality of sulphur water from a flowing artesian well located near the center of the city. The sanitary sewer system is now being extended to all portions of the residence sections of the city, thus providing sanitary conditions so essential in a city charged with the care of a large educational institution.

BUILDINGS.

The act of the Legislature locating the East Central Normal School at Ada provides for an appropriation of \$100,000 for a building. A site has been selected by the Board of Regents, plans for the building have been adopted, and the work of construction will begin not later than Sept. 1. Until the Normal building is completed the school will occupy the new High school building of the City of Ada, which is now nearing completion, and will be ready for occupancy by the first of September. This building is a large two-story brick, with basement for heating furnace, and rooms for science laboratories and manual training.

The old Ada High school building, which is located in the same block with the new building, will be used by the Normal for a training school. These two buildings are well adapted to the work of the Normal and will be adequate to all present needs of the school.

PURPOSE OF THE SCHOOL.

The consciences of our forefathers, upon their awakening to the great democratic ideas of liberty,

equality before the law, and opportunity for all, knew that public intelligence is essential to the preservation of free institutions. Whatever is done by reason of instinct or of conscience is likely to be done without full knowledge of the real needs to be met and of the ways to meet them. When democracy decreed the free school for all children, it failed at first to discern that the school must be not only free but compulsory, not for children only, but for youth also. Democracy saw at first only the teacher in the class room with the children, and long failed to see the teacher in course of preparation, the teacher being assisted to reach all children, the teacher being wisely and well prepared and set to giving instruction in the most important matters. This is the field of work which the normal schools are designed to enter, and the importance of such institutions as a part of the public school system of any state is certain to increase in the coming years. In character, the normal school is in some respects a college and in others a professional training school, for it gives both academic instruction and pedagogical training.

A nation that can afford West Point and Annapolis for the preparation for the leaders in war sets a good example to the States. They may all well afford to prepare and maintain the exemplars of peace.

ADMISSION.

To be able to enter this school the pupil must give satisfactory evidence of a fair knowledge of reading, writing, arithmetic, grammar, geography, physiology, and history of the United States. Pupils are advised to secure from their former instructor a statement of the work they have done. This will save much trou-

the applicant may possess. Applicants for advanced standing for work done in other schools should be prepared to present to the Committee on Advanced Standing an official statement of such work. This statement should show the length of time spent in school, the number of subjects studied each term, the length of the recitation period, and the record of the grade of work done in each subject.

TIME FOR ENTERING.

For all reasons it is best to be present at the opening of the term, but pupils are admitted at any time. Persons entering several days or weeks late and attempting to carry the regular number of studies and make a full term's credit are usually crippled in their work throughout the term. Pupils entering after the opening of the term are limited to such number of studies as they can profitably carry.

THE PUPILS' WELFARE.

The school management desires to say to parents who may send their sons and daughters to this institution that the school will have complete arrangements for looking after both the physical health and spiritual welfare of its pupils. There will be faculty committees whose duty it will be to look carefully after the health of the pupils and to see that everything possible is done for them in case of illness. These committees, for men and women, respectively, will keep in close touch with the student body and act promptly on all cases relating to the health of the pupils.

RELIGIOUS INFLUENCES.

The moral and spiritual environment of the school is very wholesome. All the leading evangelical churches have Sunday Schools and young people's societies throughout the year. The pastors and members of the churches will take a decided interest in the pupils, making them feel at home among them.

Religion cannot be taught in any of the public schools of the state, for to attempt to teach religion is to reduce it to theology, but fortunately for the interests of religion and for the public schools, religion is a life, not a system, is a natural expression of human nature, and not an artificial graft upon it; is a growth of the pupil's nature, not an acquisition of his intellect. Christianity, not creeds; citizenship, not partisanship, will be our aim.

MATRON.

To supplement the work of the committee charged with the care of the pupils and to care more particularly for the comfort and wellbeing of the young women, the institution employs a Matron, whose time is given to this work. Parents may rest absolutely secure in the knowledge that the Matron keeps in close touch with every young woman in the school and is careful to see that only proper places, under the best conditions, are selected as their homes. A list of desirable rooms and boarding places is kept on file in the office of the Matron, and the young women are expected to confer with her before making definite arrangements as to rooms.

Women will not be permitted to engage rooms where there are men rooming. In cases of seemingly justifiable exceptions to this rule, the matter should be referred to the Matron before definite arrangements are made.

Assistance will be given, as far as possible, to young women desiring to find work to pay part of their expenses.

Correspondence relating to the life and interests of the women of the school should be addressed to

EQUIPMENT

LABORATORIES.

The laboratories in Physics, Chemistry, Biology, and Agriculture will be equipped with the best apparatus which the market affords for the work in these departments.

LIBRARY AND READING ROOM.

In addition to a library of well selected books of reference and general reading, the different departments will be equipped with special reference works to which the pupils of the departments may have access.

The leading periodicals and magazines will be on file in the library.

LITERARY SOCIETIES.

Two literary societies will be organized and every pupil will be advised to become a member of one of the societies.

TRAINING SCHOOL.

Special attention is called to the advantages offered in the training school. The Normal will have complete control of one of the city schools of the city, which will occupy a building in the same block with the Normal. This school will be in charge of skillful, professionally trained teachers, and will be open to pupils for observation and practice.

By special arrangements with the city Board of Education we are in position to offer special inducements to a limited number of pupils who are able to take advanced standing in the Normal, and who will do as much as three hours practice work daily, under the direction of the critic teacher. For this service the Board will pay \$10 per month. The program will be so arranged that such pupils will be able to do full credit work with proper credit given for the practice work.

ATHLETICS.

Football, Baseball, Basketball, Tennis and other healthful sports will be encouraged. All practice, as well as match games, will be under the direction of a member of the faculty. No rough or boisterous conduct will be permitted in any game. No pupil, whose conduct and standing in his classes is not up to the standard, will be allowed to join any team.

TUITION.

Every department of instruction in this institution is open to every resident of the state without any charge.

BOARD AND ROOM.

Board and room may be secured in private families.
(Continued on Page Four.)

ble and many errors in classification. The common school diploma, granted by county superintendents, admits the holder without further test. Any one holding a teacher's certificate will be admitted and receive credit for work done as shown by the certificate.

ADVANCE STANDING.

Just credit will be given for all scholarship which

The effect of lawlessness upon our schools, Prof. C. W. Briles, president of East Central Normal.
The Private Citizen, Rev. W. M. Wilson.

The meeting will begin at 8:30. Men, women and children are invited to attend.

Paving Resolution No. 6.

State of Oklahoma,
County of Pontotoc, SS.
City of Ada.
Whereas, resolutions have been passed to pave twelfth street from Rennie Avenue to Stockton Avenue, and also resolution has been passed appointing appraisers, and said appraisers having been appointed, and said appraisers having made their report, therefore,

Be it resolved by the Mayor and the Councilmen of the City of Ada, Oklahoma, in regular session assembled,

That the Mayor and Councilmen shall meet on the 23rd day of August at 1:30 P. M. at the City Hall in the City of Ada, Oklahoma, for the purpose of hearing complaints of said property owners, as ordered by law.

Passed and approved this 9th day of August, A. D., 1909.

F. C. SIMS, Acting Mayor.
Attest: W. B. Jones, City Clerk.
(First published Aug. 10, 1909—5td.)

"Adequate advertising" is merely applied good sense in store-keeping. Inadequate advertising means inadequate store-keeping—no matter what else is done well.

You are probably a good ad writer, whether you know it or not. Try your hand at a want ad and if you get returns it means that you can write an ad successfully.

DR. F. Z. HOLLEY, Prop.

THE DETAIL COST OF PAVING TWELFTH STREET

Ada, Okla., July 29, 1909.
To the Honorable Council of the City of Ada:

We are pleased to hand you herewith our report of the detailed cost of paving Twelfth Street from the West Side of Rennie to the East side of Stockton, each parcel of property fronting and abutting said street being levied with its proper amount of the cost as we find correct in our best judgment and in accordance with the laws regulating the costs of paving in cities of the first class.

L. T. WALTERS, Chairman.
J. M. WINTERSMITH, Sec'y.
C. M. CHAUNCEY.

(Seal)
Sworn and subscribed to before me this 29th day of July, 1909.

CHAS. A. POWERS,
Notary Public.
My commission expires Nov. 5, 1912.

Ada, Okla., July 24th, 1909.
Organization meeting of the Committee appointed by the Honorable City Council of the City of Ada, Pontotoc Co., Oklahoma, for the purpose of apportioning the detailed cost to each parcel of property affected by the paving of Twelfth Street from the West side of Rennie Street to the East side of Stockton Street.

This Committee, appointed July 20th and composed of C. M. Chauncey, L. T. Walters and J. M. Wintersmith, met for the purpose of organization, on July 24th, at 10 o'clock A. M., in the office of L. T. Walters. L. T. Walters, acting as temporary chairman, called for nominations for permanent chairman; Mr. Chauncey nominated Mr. L. T. Walters, for permanent chairman, seconded by Mr. Wintersmith and there being no further nominations Mr. Walters was elected permanent chairman; Mr. Wintersmith was then elected secretary in regular routine.

Tuesday, July 27th, at 8:30 A. M. was selected and agreed upon as the appointed time for the committee to meet with the City Engineer and begin its duties as instructed by the City Council and in accordance with the laws appertaining to paving of streets in cities of the first class.

There being no further business the meeting was adjourned until Tuesday July 27th at 8:30 A. M.

L. T. WALTERS, Chairman.
J. M. WINTERSMITH, Sec'y.
C. M. CHAUNCEY.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MUSIC.

The Board of Regents has decided to make all branches of music free to all regularly enrolled pupils of the Normal. This action of the Board in placing music on an equal basis with other branches of learning has opened to the young people of the state a wonderful opportunity to gain a musical education. The object of this department is not alone to turn out professional musicians, but to enable the average student to improve his talent for music during the time he is improving his other talents. A full and complete course will be offered in all branches of music, vocal and instrumental.

ORCHESTRA.

An orchestra will be organized which will furnish music for the various public functions of the school.

COURSE OF STUDY.

No attempt will be made to give, in this announcement, an extensive outline of the course of study offered in this institution. The President has not had opportunity to confer with the heads of the departments, and they in turn are not sufficiently familiar with conditions which may obtain to do the work intelligently. The course, however, will be very similar to that given in the other Normals of the state. The following will indicate the content of the course:

SUMMER TERM.

On June 13, 1910, the Summer session will begin with the regular faculty as instructors, and will close July 22. The forenoon will be devoted to recitation, and the afternoon to study for those taking the teachers' review work. This will furnish an excellent opportunity for a thorough review of the common branches.

A special opportunity will also be given to teachers to take work in the Normal Diploma course and receive credit for it. In addition to this pupils who are deficient in one or two subjects in any term's work will have opportunity to make credits by attending during the Summer term. Those desiring credits will be expected to do double work, and will be allowed to take two subjects only. By this means one term's work may be satisfactorily completed in two subjects. Any or all of the subjects named below will be taught, provided five or more pupils apply for them.

DEPARTMENT OF PEDAGOGY.	DEPARTMENT OF GEOGRAPHY.

TEACHERS' EXAMINATION.

At the close of the Summer session, July 22 and 23, a teachers' examination will be held for first and second grade certificates. These certificates are valid in every county in Oklahoma.

DIPLOMA.

The Diploma given to graduates of this institution is a life certificate, is valid in every school of the state, and is recognized in eighteen other states.

POSITIONS FOR TEACHERS.

There is a great demand in Oklahoma for professionally trained teachers. The Normal schools have been created to supply this demand. The faculty will be glad to assist worthy teachers in securing positions.
